

## Faubus Blasts Statement by NAACP Leader

LITTLE ROCK (AP)—Gov. Orval E. Faubus today challenged statements Mrs. Daisy Bates claimed to have made when the pair met recently. He also charged the meeting was designed in Washington with the aim of hurting politically.

Mrs. Bates, head of the Arkansas Chapter of the National Assn. for the Advancement of Colored People and a bitter critic of Faubus in Little Rock's 1957 school integration dispute, told a Moral Re-orientation Conference in Washington yesterday about remarks she said were made in a conversation with the governor.

She said that when she met Faubus last month for the first time since the integration blow-up, she told him, "I am not interested in fighting the Civil War. I am interested in where we are going from this hour. I am interested in tomorrow and the future of America."

Faubus and Mrs. Bates met in his office while she was conducting a West Indian government official on a tour of the state Capitol. The governor and Mrs. Bates shook hands and Faubus conferred briefly with the two Negroes behind closed doors.

Asked at his news conference about the statements Mrs. Bates told of having made during their conversation, Faubus replied:

"It is a very nice fabrication. It would have been all right with me if she had said it, but the simple truth is she did not and the truth is the truth whether it is 'good, bad or indifferent.'"

The governor said he was convinced the meeting was "set up in Washington, perhaps in hopes I would refuse to see" the West Indian official.

Faubus said that if he had refused to meet the official, much political capital would have been made of the matter.

Asked by whom, he answered: "The NAACP, Justice Department and pseudo and extreme liberals in Washington."

He said Mrs. Bates made the appointment for the visiting official and talked to Faubus aides. The governor said she might have made the statement to these aides on the telephone, but she did not make it to him.

Mrs. Bates was not available for comment. Newsman who checked her residence were informed that she would not return to Little Rock before Thursday.

Faubus said the meeting between himself and Mrs. Bates and the official was "one of these places where they were safe — if I saw them, they hoped it would hurt me with my own people; if I didn't, then they would have made an international incident out of it."

## Weather

Experiment Station report for 24 hours ending at 7 a. m. Monday, High 64, Low 55; Total 1959 precipitation 48.47 inches.

ARKANSAS: Mostly cloudy and mild this afternoon, tonight and Tuesday with some light rain or drizzle. High this afternoon 60 to 70, low tonight 50 to 60; high Tuesday 60 to 70.

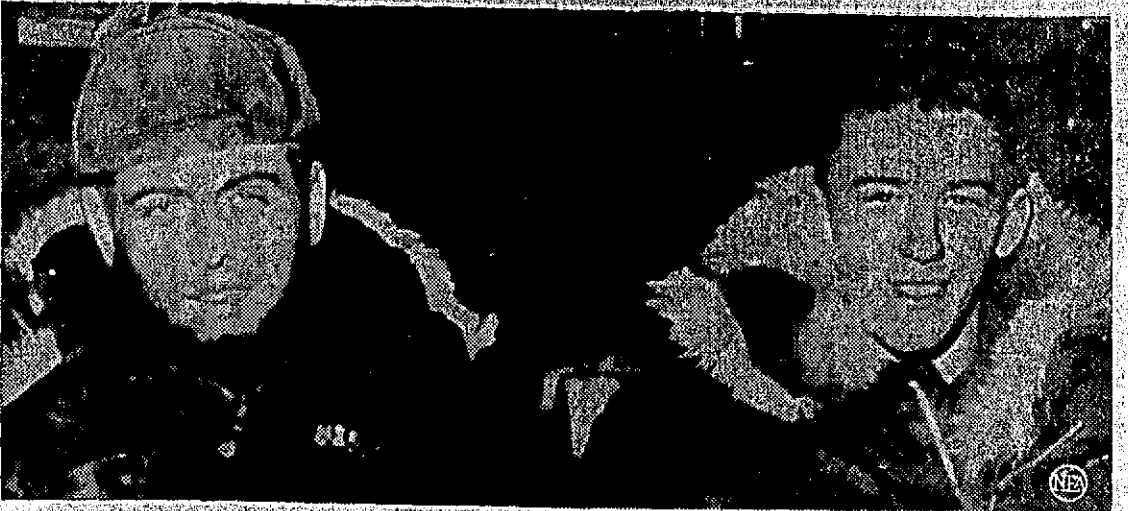

## ARK REGIONAL FORECAST BY THE ASSOCIATED PRESS

All sections of Arkansas: Mostly cloudy and mild this afternoon, tonight and Tuesday with occasional light rain or drizzle. Highest this afternoon low to mid 60s central and northeast, mid to high 60s southeast, mid 60s to 70 northwest, near 70 to northwest, lowest tonight, low to mid 50s central and northeast, upper 50s to 60 southeast, in 50s northwest, near 60 southwest.

## Police Act Quickly to Aid Wreck Victims

TEXARKANA, Tex. (AP)—Arkansas State Police cars worked in relay units between Little Rock and Texarkana Saturday night transporting blood for transfusions to a hospital here for a woman critically injured in a highway wreck.

Mrs. Lewis Endsley, 31, of Atlanta, Tex., still was in serious condition but hospital authorities said today that she is expected to recover. Her nine-year-old daughter Cathy was one of four persons who died of injuries received in the wreck. Eight other persons were injured.

State Police listed the other fatalities as Gene Hall, 30, Cynthia Hefflin, 8, and her 17-month-old brother, Alfred Van Hefflin, all of Atlanta. The children's mother, Mrs. Pete Hefflin Jr., was critically injured.

Mr. and Mrs. Pete Hefflin Jr. formerly were residents of Hope. Mr. Hefflin managed West's Department store and Rehan's store during his stay here.

The three-car wreck occurred Saturday at Atlanta, 25 miles south of Texarkana.

Texarkana hospitals ran dangerously short of blood giving transfusions to the injured. Wadley Hospital sent an emergency message to the Southwest Blood Bank in Little Rock for 11 pints of blood. The blood was put on a bus for Texarkana, but hospital officials notified state police they might run out of blood before the bus arrived.

Then began the state police relay that got the blood to the hospital just in time. Officers stopped the bus at Friendship, 10 miles north of Arkadelphia. The patrol car raced 33 miles to the Little Missouri River, where another car took the blood. The next relay point was at Emmett. Then a fourth car took the blood at the Red River and sped it 17 miles to the hospital.

Officers made the 80 miles in about an hour, half the bus time. The hospital later called for 25 more pints, which also were transported via the state police relay system.

City police at Hope aided troops by blocking off all intersections on U.S. Highway 67 so the speeding patrol car would not have to stop.

## Conway Funeral Home Owner Dies

CONWAY, Ark. (AP)—T. T. Doolin, 61, owner of the Doolin Funeral Home here since 1928, died yesterday. He was a native of Missouri and past president of the Arkansas Funeral Directors Assn. Funeral arrangements were incomplete. Survivors include his wife.

The Benedict family attorney, Robert Hoffman, said he might go to Europe to try to return Miss Benedict to Conway.

Police said the break in the case came when an official of the Cosmopolitan Shipping Co. reported the couple had sailed on the Edga.

The official said Miss Benedict and Porumbanu occupied separate cabins during the 10-day crossing. The Benedict family attorney, Robert Hoffman, said he might go to Europe to try to return Miss Benedict to Conway.

## Pilferers Were Very Polite

LITTLE ROCK (AP)—The pilferers who took a case of soft drinks from a bottling company truck not only had consciences, they were polite, as well.

At opening time today, workers at the company found the case of drinks missing from the truck. An hour later, the firm's manager got a special delivery letter containing three one-dollar bills and an explanatory note.

The note said the drinks were taken "foolishly on a dare" Saturday night. It was signed, "Respectfully yours, Jimmie and Eddie."

State Police listed the other fatalities as Gene Hall, 30, Cynthia Hefflin, 8, and her 17-month-old brother, Alfred Van Hefflin, all of Atlanta. The children's mother, Mrs. Pete Hefflin Jr., was critically injured.

## Jimmy Davis New Governor of Louisiana

By DAVID INMAN

NEW ORLEANS (AP)—Ballot-swinging Jimmy Davis, winner of Louisiana's Democratic runoff for governor, today sought to return his political tropy-turvy state to "peace and harmony."

The 58-year-old former governor said he would create a state sovereignty commission to preserve segregation. Negroes have pressed suits in three parishes (counties) to begin school integration.

"I've been all over the nation," said Davis, "and I'm convinced the Southland is the happiest place in the nation. I think right-thinking white people and right-thinking colored people believe that."

Davis also pledged to keep hands off an independent Legislature and promised he would not build a political machine in this state that remembers the web-like control of Huey P. Long.

A record turnout signaled the end of the Long era. The ticket of James Duke Gov. Earl K. Long, Huey's brother, was soundly whipped in the Dec. 5 primary.

Davis piled up a 71,000 vote lead over New Orleans Mayor LeDesspess S. Morrison, seeking to become Louisiana's first Catholic governor since 1824. Davis, a Baptist, got 486,095 votes to Morrison's 444,258 with returns in from all but three of 2,109 precincts. His decisive bulge carried Davis' entire ticket to victory.

Farmer, businessman and teacher, Davis rose in the American political tradition. He was a sharecropper's son, one of 11 children reared in Jackson Parish in north Louisiana's red mud country.

It was the overwhelming Davis note in the predominantly Protestant north and central parish that swept him to victory. Equally important was that Davis ran close behind in Morrison territory — the southern parishes and in New Orleans.

Davis picks up the reins of office May 10 from Gov. Long. He must defeat Republican nominee Francis Greaves and State Rights candidate Kent Courtney in the April 19 general election, but his victory is assured in this one-party state.

## One Burglary Solved, Second One Reported

During the weekend City Police report an auto accident, a school break-in, solved a burglary and picked up a Negro wanted by Star City Officers.

Paisley grade school was entered sometime during the weekend by an apparent hungry burglar. City Police report that only milk, bread and cheese were taken. Entrance was gained to the school lunchroom through a window.

Officers also reported that four hubcaps were stolen from an auto owned by Charles Rodden.

Following an accident involving a car driven by Blackie Turner and Mrs. Ava H. Bormby on West Third, Officer Rutthwell filed a charge of hazardous driving against Turner. There was slight damage to both vehicles.

Glen Brown, Negro man, was picked up here by City Police and turned over to Star City officers where he was wanted for assault and attempt to rob.

Police Chief Jack Brown said a Negro man, Steve Brown, admitted entering Vander Lloyd's grocery store last week and taking several articles of clothing as well as \$15 in money. Police said the clothing was recovered from the thief.

## State Insurance Executive Dies

MEMPHIS, Tenn. (AP)—Henry Simpson, 68, an Arkansas insurance executive, died yesterday at a hospital where he had been a patient three years. He formerly was president in charge of insurance at People's Bank & Trust Co., Little Rock. In 1940 he formed the Fidelity Co. there and operated it until five years ago.

## Millages Lowered by 116 Districts

LITTLE ROCK (AP)—Tax millages were lowered in 1959 by 116 Arkansas school districts because of higher property assessments resulting from the state's reassessment program.

Harvey Snell, budget director of the state Education Department, said the result has been the lowering of the average school tax by 1.4 mills. Snell said the tax reduction was from an average of 36.09 mills in 1958 to 34.69 in 1959.

Snell said 35 districts raised taxes, most of them for building programs.

## Industrial Group Meets Here Tonight

The Hempstead County Industrial Foundation, Inc., will hold its annual stockholders meeting tonight at 7:30 in the Courtroom of the City Hall. This Corporation was formed in 1957 for the purpose of providing financial assistance on buildings and sites or new and expanded industry.

During the past two years an industrial site of 146 acres has been obtained by the Corporation and a site was provided for the new \$300,000 Hope Feed Mills, Inc. at the southern edge of the city.

Judge James Pilkinton, president of the corporation, is asking that as many stockholders as possible be in attendance at tonight's meeting for election of three new directors and the disposition of such other business that may come before the meeting.

## New Engraving Unit Is Due in 30 to 60 Days

Delivery of Hope Star's new electronic engraver is now scheduled for the next 30 to 60 days, according to a letter received this week-end from Fairchild Graphic Equipment. Tentative delivery had been set for last month or this.

Fairchild's letter, dated Jan. 7, confirmed the Star's contract of May 1, 1959, and added this comment about the delayed delivery:

"I had hoped to be able to give you some definite word as to when you could expect delivery of your engraver, but unforeseen difficulties in procurement of parts from suppliers has slowed down our entire production line. We now expect to make shipment within 30 to 60 days."

The Star's present Cadet model leasing at \$147 a month, produces engravings that are one-to-one copies of pictures up to 8 inches wide (4 columns) by 8 inches deep. The new engraver, leasing at \$199 a month, makes plates up to 10 inches wide (5 columns) by 8 inches deep, either as one-to-one copies, or on either of two enlarging ratios. That is, it will enlarge standard Polaroid prints 3 1/4 inches wide to plates 8 inches wide (4 columns), or a 2.2 ratio; or it will enlarge the professional Polaroid 4x5 prints for the Speed Graphic camera from a width of 4 1/4 inches to 8 inches (4 columns), on a 1.7 ratio.

The Star is the first newspaper in Arkansas to obtain the new engraver.

There has been no announcement from Mergenthaler Linotype Co. as to when the new linotype matrices, costing \$1,500, will be shipped, to convert the new present type page from 8 1/2-inch columns to 8 11-inch columns, reducing the width of the type page from present 16 1/2 inches to 15 1/2 inches, but increasing the size of the reading type from present 7 pt. to the new Corona 8 pt. At the time of the conversion The Star will increase its daily base from 6 to 8 pages, including a sports page.

The conversion is still expected to take place during January, and the fact the newspaper has an order for a car of newprint in the near future is a good sign for delivery.

The Goss Printing Press, Inc. of Chicago has announced immediate delivery of the narrow-chase steel forms that hold the type pages — but no move can be made until the Brooklyn-based Mergenthaler firm announces a delivery date on the thousands of brass matrices that run through the linotype channels.

## Final Rites for Capt. Hugh Weeks

Capt. Hugh Wallace Weeks, 41, Scott Air Force Base, Ill. died Jan. 4. He was a native of Oklahoma.

Survivors include his wife, His parents, H. L. Weeks of Hope and Mrs. S. E. Weeks of Emmet; three brothers, Karl of Emmet, Harold of Springfield, N.Y., James F. Weeks of Santa Rosa Island, Calif., five sisters, Mrs. Grace Johnson of Oklahoma City, Mrs. Lewis Riley of Texas City, Mrs. F. Walker of Logansport, Texas, and Mrs. Harold Scott of Oklahoma.

Services were held Jan. 8 in National Cemetery.

## Declares Steel Settlement in Line With Others

DETROIT (AP)—The steel wage settlement is in line with others negotiated this year and cannot set off a wage spiral with highly inflationary effects, Secretary of Labor James P. Mitchell said today.

And there will be no steel price increases for some time to come if management and labor try to increase the rate of steel productivity, Mitchell added. He said he was sure both sides would make such an effort.

Mitchell's comments were made in an address prepared for the Economic Club of Detroit.

Mitchell, credited with playing a major role in last week's settlement of the 116-day steel strike, also said there may never again be a major steel strike in this country.

"With good will and good sense, and with awareness that an economic institution like a steel corporation or a labor union must serve the public interest as fully as its own interests, it could be possible — on the basis of this settlement — that the United States will have seen its last major steel strike," Mitchell said.

Mitchell said that in the new settlement the steel companies and the United Steelworkers Union have cut the postwar wage increase trend by half. He quoted Roger Blough, chairman of the board of U.S. Steel, as saying the average annual increase in hourly employment costs under the new terms will be 3 1/2 to 3 3/4 per cent compared with other postwar settlements in which the increase averaged about 8 per cent.

Mitchell said some news stories on the settlement created misunderstanding. He said they did not take into account the fact that the steel settlement has been described in terms of total employment costs, while other major settlements have been described in terms of wages and benefits to workers.

Employment costs also include such items as Social Security and unemployment compensation taxes paid by employers on the basis of Continued on Page Two

## Committees Named by CC President

Chamber of Commerce President Fred O. Ellis announced today the appointment of three key committees for the year of 1960.

They are the budget committee, membership committee and plans committee. Other active groups will be announced within the next few days.

The budget committee includes: J. W. Franks as chairman, Royce Smith and W. H. Gunter Jr. Total income from all sources at the chamber during 1959 amounted to \$942.04 and expenditures were just slightly under that figure.

The important membership committee for the new year is headed by Jack Lowe and Cecil O'Steen as co-chairmen. The chamber finished the year with a membership per member was \$42.

The plans committee, whose duty it will be to outline a work program and objectives for the new year is headed by Cliff Bridges as chairman and includes Mitchell LaGrone, Joe Hanks and Frank McLarty.

To stimulate greater interest, President Ellis said the directors during 1960 would meet twice monthly, the first and third Tuesday.

Plans are being made for a crowd of 400 persons for the annual banquet to be held the night of Feb. 2 at the Army building where Gov. Orval E. Faubus will speak on industrial expansion.

## Javits' Rights Bill Offered in Senate

WASHINGTON (AP)—Sen. Jacob K. Javits (R-N.Y.) today introduced bills to protect voting rights, make lynching a federal crime and let the attorney general participate in civil rights cases in the courts.

In a prepared Senate speech Javits urged Congress not to let election year campaign fever interfere with action on civil rights legislation.

He said his voting rights proposals should be enacted in time to apply in the elections next November.

Javits noted that his bills are similar to proposals advanced in the House and amendments to other civil rights legislation.</

Diabolical, highest peak in the High Atlas mountains of North Africa rises 16,136 feet.

# MEN PAST 40

Troubled with GETTING UP NIGHTS, Pains in BACK, HIPS, LEGS, Tiredness, LOSS OF VIGOR

If you are a victim of these symptoms then your trouble may be traced to Glandular Inflammation. Glandular Inflammation is a constitutional disease and medicines that give temporary relief will not remove the cause of your troubles.

Medical of Glandular Inflammation often leads to premature senility, and incurable malignancy.

## Negro Youth Found Slain at Memphis

MEMPHIS (AP)—A 15-year-old Negro boy was found slain in a vacant lot and police said today three members of a rival Negro gang would be charged with murder.

Oziah Reese, 15, died Saturday night after being stabbed with a paring knife and bludgeoned with a hatchet.

Asst. Police Chief U. T. Binkholme said a trio from the west end gang—rivals of the gang to which Reese belonged—would be charged with the slaying.

Thirteen other members of the two gangs were rounded up for questioning.

Homicide Lt. E. C. Swan told this story of the killing:

The boys were guests at a party at which liquor was served.

Reese got into an argument with Andrew Mills, 15. When Mills started to leave the party he found members of Reese's gang waiting for him outside.

He returned and got two members of the West End gang—Willie Lee Cox, 19, and James Edward (Tiger) Lyon, 20. They left by the back door, followed Reese

until his companions left him, and jumped him.

Reese's body bore a stab wound in the heart and head wounds inflicted by the hatchet.

## Israel Tells Germany of 'Deep Shock'

By GEORGE BOULTWOOD

BONN, Germany (AP)—Israel today expressed to the West German government its "deep shock" at the wave of anti-Semitism here and in other countries.

A formal note added that the Israeli government is "well aware that the symptoms of hate recently displayed did not represent the opinions of the governments and intelligent persons in the individual countries involved."

The note was handed over to the Foreign Office by Yohanan Meron, deputy chief of the Israeli Trade Mission in Cologne.

Meron said the note was similar to those delivered in other world capitals last week.

At the same time, Israel asked through the United Nations that governments act to stop anti-Semitic activities "lest they result

## Declares Steel

Continued from Page One

their payrolls.

"Thus," Mitchell said, "to say that the reported steel package of 20 cents is comparable to the reported aluminum package of 28.2 cents is not only untrue but meaningless. The steel package figure describes total employment costs to the companies; the other is a description only of the wages and benefits received by employees."

## Nominations Are Sent to Senate

WASHINGTON (AP)—President Eisenhower today sent to the Senate 981 nominations for various civilian government jobs and military assignments.

The nominations, first to go to Congress, since it returned last week, include 778 selections for postmaster jobs.

Among the other nominations, all subject to Senate confirmation, are many persons given appointments while Congress was in recess.

The nominations include 155 for promotions in the armed services, and 47 for civilian jobs other than postmasters.

Among the recess appointments formally nominated were Livingston T. Merchant to be undersecretary of state for political affairs; Foy D. Kohler to succeed Merchant as secretary of state for European affairs.

Thomas S. Gates Jr. to be secretary of defense; James H. Douglas to succeed Gates as deputy secretary of defense; Franklin B. Lincoln Jr. to be assistant secretary of defense; Dudley C. Sharp to succeed Douglas as secretary of the Air Force.

in disaster."

The West German government's plans to reintroduce a bill in the Bundestag to stiffen penalties for anti-Semitic activities meanwhile ran into opposition from both German Jews and Socialists.

Adolf Arndt, spokesman for the opposition Socialists' Bundestag members, said existing West German law is strict enough to deal with such outrages. He said a special law would work against the interests of those it was intended to protect.

Arndt agreed with objections raised Sunday night by the Board of the Central Council of Jews. The council reiterated a declaration of last May that the West German Jewish community did not want any special legislation.

The council objected that the bill would have the undesirable effect of making Jews a special group within the community.

But the clamor persisted for the removal of former Nazis from high places.

Out of state passenger cars comprised 30 per cent of all vehicles counted at 60 rural stations throughout the state.

## Chessman Is Again Denied New Hearing

WASHINGTON (AP)—The Supreme Court today again denied a hearing to Gary Chessman, Los Angeles sex bandit who is scheduled to be executed Feb. 19.

The high tribunal refused to reconsider its action of last Dec. 14 when it rejected a lengthy appeal filed on behalf of Chessman.

Chief Justice Warren, former governor of California, took no part in consideration of various legal moves made for Chessman in the Supreme Court.

Convicted in 1948, Chessman has evaded the executioner through a series of appeals and petitions in federal and state courts.

In his 11½ years in San Quentin Prison's death row he wrote several books, two of which became best sellers.

Chessman was convicted of 17 felonies. Two of these were kidnappings for robbery with bodily injury and sexual outrages on women victims. The latter crimes are punishable by death under a California kidnap law.

The Supreme Court's Dec. 14 action was a denial of a request for review of a lower court ruling.

The ruling was that the transcript of Chessman's 1948 trial was a valid record.

Seven days after the Supreme Court denial, Superior Judge Herbert V. Walker in Los Angeles sentenced Chessman to die in February.

## Kennedy to Open in New Hampshire

MANCHESTER, N.H. (AP)—Sen. John F. Kennedy will kick off his campaign for the Democratic presidential nomination Jan. 25 with a visit to New Hampshire which holds the nation's first presidential primary of 1960.

Democratic National Committee Chairman L. Buntin said today Kennedy will also make several tours of New Hampshire within a three-week period after Jan. 25.

Kennedy probably will make appearances in Manchester and Nashua on his first trip. They are the two largest cities in the state and homes of many of its Democrats.

Kennedy's name was entered in New Hampshire's primary only minutes after the opening of the filing period last Friday.

## Egyptians Dedicate Start of Aswan Dam

ASWAN, Egypt (AP)—Egypt celebrated some more Sunday as President Gamal Abdel Nasser opened a new \$5-million-dollar hydroelectric plant 4½ miles up the Nile from the site of the Aswan high dam.

Nasser launched work on the billion-dollar dam at ceremonies Saturday. Sunday he spoke again to cheering thousands at the power plant and millions more listening to his powerful Voice of the Arabs radio station.

The plant initially will produce 22,000 kilowatts. Eventually output will be expanded to 351,000 kilowatts. Eighty per cent of this will be used by a nearby fertilizer plant.

A French firm began construction of the power plant but pulled out after the British and French invaded the Suez Canal Zone.

West Germans aided engineers of the United Arab Republic in completing the work.

## FORD'S ECONOMY TWINS FOR 1960

The Economy Choice of a lifetime—Two new Fords...Two new low-price fields...

Two wonderful new ways to go...The Finest

### THE 1960 FORD FALCON

Now there's both a new economy-size Ford and a large economy-size Ford.

The new economy size is the Ford Falcon—America's lowest-priced 6 passenger car. It's up to \$124 less than other 6 passenger cars in the compact field. It goes up to 50 miles on a gallon of regular gas. It's easy to service and repair costs are low. You can service it in 15 minutes on your insurance.

And the Falcon is the one American compact car that's thoroughly proved for American driving. There's room for 6 people—luggage and all.

### THE 1960 FORD FAIRLANE 500

Now consider the large economy-size Ford, the Fairlane 500. Here is the most car per dollar ever built.

The Fairlane 500 brings you line-car styling, luxury and comfort, yet it offers Falcon economies like regular gas, 4,000-mile oil changes, double-life aluminum wheels, and no more wasting. Like the Falcon, too, it brings you big price news: \$142 less than last year's popular Fairlane 500!

Come see, come save, come pick the Ford economy twin that saves and serves you best. Visiting hours as usual at your Ford Dealer's.

FORD DIVISION, Ford Motor Company.

Economy choice of a lifetime in the wonderful New World of 60

Science Shrinks Piles  
New Way Without Surgery  
Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinking) took place.

Most amazing of all—results were so thorough that sufferers made

astounding statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H. At your druggist. Money back guarantee.

love with another man. I have been seeing quite a bit of him and thinking he loved me. I want to tell my husband of the great sin I committed. Do you think I should?—W.T.

Dear W.T.: No. Let the past bury the past.

Dear Dorothy Dix:

I'm a woman of below average ability, age 31, black hair, brown eyes. Nothing special. I've only one husband and am glad as he is enough to handle. With all his aches, pains, groans, moans, coughs and complaints you'd say the same. But don't think I don't love him. I do.

We have four lovely children, two girls and two boys. Right now we are having it rough. Do you know what it feels like to go in a store and not be able to buy the things you need—only able to spend the few dollars you've earned ironing, ironing, ironing?

Well, at least the ironing feeds us, but to tell the truth, sometimes I feel like throwing it out the window. I won't though. Instead I'll ask God for patience and the health to keep going, hoping we, and so many people like

## Nashville Licks Bobcats in Hard Fought Contest

By TEDDY JONES JR.

The Nashville Scrappers downed the Hope Bobcats 56 to 40 in a close, hard-fought game played in the Nashville gym on Saturday night.

The senior contest was close all the way, until the fourth quarter when the Scrappers built up a 10-20 advantage in the final period to win going away.

The game was tied at 17 all at the end of the first stanza, tied again 28-28 at the half. Hope led by two points, 30-28 at the end of the third period, and the big fourth carried the Scrappers to

## Bobkittens Take Emmet Tournament

By TEDDY JONES JR.

The Hope Junior High School Bobkittens defeated the Junior Curley Wolves of Prescott in a nip and tuck affair 28 to 27 Saturday night at Emmet to take first place honors in the Emmet Junior Invitational Tournament.

The game was close and hard fought all the way with Hope holding a slight scoring edge usually one to three points most of the game. The Junior Curley Wolves dominated the backboards and controlled the rebounds to stay right in the heat of the Bobkittens all the way.

Closeness of the contest is indicated by the score by quarters. Hope led 9 to 6 at the end of the first; 17 to 16 at the half; trailed by a point with Prescott leading 24 to 23 at the three quarter mark and finally stalling out the last two minutes to hold on for a one

## Win Over Texas Tonight Could Give Porks Lead

By TEDDY JONES JR.

AUSTIN, Tex. (AP)—Arkansas and Texas take 20 records into tonight's battle for Southwest Conference basketball leadership. The Razorbacks beat Baylor Saturday night in double overtime, 90-83. And Texas trimmed Rice 52-50.

The unbeaten Texas Aggies are tied with Texas and Arkansas for the SWC lead. But they are unscheduled Monday night and meet SMU Tuesday night at College Station.

It will be the second time in four months that Arkansas and Texas have met for SWC leadership. They clashed in October for first place in the football chase. Texas won 13-12 but the Steers, Hogs and Horned Frogs of TCU tied for the championship.

Tonight's basketball game is rated a tossup. Arkansas beat Texas 68-58 in the third place game of the Southwest Conference Tournament. But Texas' height advantage, home court, and the fact that the Hogs were extended to beat Baylor only Saturday, gives the Longhorns a better chance.

It is the only SWC game scheduled tonight. Besides the SMU-Aggie bout tomorrow night, Texas Tech is at Baylor and Rice is at TCU. A&M beat TCU Saturday night 65-52. And SMU conquered Texas Tech, 49-44.

Both Texas conference victories have come by two points. Before the 52-50 victory over Rice, the Longhorns beat SMU, 58-56. Texas is 8-3 for the season compared to 7-4 for Arkansas.

Clyde Rhoden scored 20 points in Arkansas' victory over Baylor Saturday night. And Ronnie Garner and sophomore Jerry Carlton added 21 each. Reserve forward John Blasingame was the hero, through. He scored a field goal with 35 seconds left in the second overtime to give the Hogs a three-point lead, then notched two free throws to put them out of reach.

Arkansas starters tonight probably will be G-3 Rhoden, G-4 Garner, G-2 Carlton, G-7 LaVerne Grindle and F-11 Skinny Coffman. Guard Pat Foster still is sidelined after an appendectomy. Grindle is starting in place of sophomore Alan Morrison in an attempt to combat Texas' height.

Texas starters will include G-11 Wayne Clark, G-7 Albert Almonza, G-4 Brenton Hughes, G-2 Jay Arnette and F-11 Donnie Lassiter.

Both the senior and junior boys are slated to see action in the conference openers with Crossett.

## Emmet Takes Two of Three at Garland

By DON WEISS

Associated Press Sports Writer

The storm signals are up in college basketball today and by another week the skimmies list of major unbeaten could be non-existent.

That includes Cincinnati's tonratively unbeaten Texas A&M, ranking Bearcats as well as the Villanova and LaSalle teams, the trio that joins Oscar Robertson & Co. in making up the current perfect record class.

Cincinnati, which has swept past 12 straight opponents, faces "Challenge Week" within the rough Missouri Valley Conference—meeting St. Louis in Cincinnati Wednesday before moving on to Peoria, Ill., for a Saturday game with Bradley.

The Bearcats whipped Bradley 86-71 (Bradley's only loss in 11 games) in December, but had two good factors going for them then. First, the Bearcats were at home. Second, they had hulking 6-4 Bob Wiesenbahn, their best defensive player, and a solid rebounder, available to take some of the pressure off Robertson.

Now Wiesenbahn is out with a foot injury and in his two-game absence so far, Robertson has been held to 27 and 24 points—well under his normal 40-point pace—while he attends more to rebounding and defense.

St. Louis, 12th ranked nationally with a 10-3 record, has the height and muscle to more than make up for Cincinnati while Bradley, fourth-ranked nationally and unbeaten in 29 home games, has the scoring power to beat Cincinnati unless the Big O can concentrate on shooting.

Texas A&M (10-0), Villanova (9-0) and LaSalle (8-0) also have immediate problems.

The Aggies meet SMU (8-4) Tuesday, a club they edged 55-53 in the Southwest Conference Christmas Tournament, final, and then go against Texas (8-3) on Friday. If Villanova survives its game with Temple (9-3) Wednesday, there's the rugged matter at Morgantown, W. Va., Saturday against West Virginia, 12-X, the nation's third-ranked team, and unbeaten on its home floor in 38 consecutive games. LaSalle, which squeaked by Duquesne 68-65 Saturday, has a road test tonight at Morehead State (Ky.).

In some of tonight's key games, Tulane, along with Georgia Tech, the surprise Southeastern Conference leader, gets its big test at Kentucky while Georgia Tech (10-1) and sixth-ranked nationally plays twice - beaten Mississippi ninth-ranked Illinois plays at Purdue and Iowa home to Michigan State in Big 10 features; and West Virginia tries for its 37th straight Southern Conference victory against William & Mary at home.

What's in store for the elite was indicated last Saturday when fifth-ranked Utah and eighth-ranked Wake Forest were beaten, and California, West Virginia, Bradley, Ohio State and Southern California—other members of the top 1—had to come from behind to win Cincinnati ran its two-season win streak to 13 with an 83 to 50 romp over Tulsa, Illinois downed Minnesota 90-82, and Georgia Tech had an easy time with Mississippi State, 82-60.

Don May Hurt Warm Water Fishing

LITTLE ROCK (AP)—Col. Arthur M. Jacoby of the Army Engineers says Greers Ferry Dam may hurt warm water fishing immediately downstream on the Little Red River, but reservoirs upstream will provide an overall good effect on fishing in the area.

The district engineer's comments came after a complex disagreement between engineers and some conservationists as to whether the dam will discharge warm or cold water.

The Arkansas Game and Fish Commission said cold water releases from the dam would destroy the native fishery on about 35 miles of the Little Red River directly below the dam and also would damage the White River fishery.

Jacoby said it would cost about five million dollars to alter the plans for the multi-purpose dam so it would release warm water instead of cold.

## Warriors Have Chance to Catch Celtics

By THE ASSOCIATED PRESS

If the Philadelphia Warriors want to grab that National Basketball Assn. eastern division title this is the week to get to work.

The Warriors trail the division leading Boston Celtics by 3½ games after winning twice over the weekend while Boston split a pair. The two clubs have four games scheduled this week, including a pair against each other.

The Celtics have lost 5 of their last 7 games since tying the all-time NBA winning string of 17. To add to their woes, Bill Russell, their great center, came up with a sprained ankle in a 121-111 loss to the St. Louis Hawks Sunday.

Russell will have the ankle X-rayed in Philadelphia today to determine the extent of the injury. He missed only three minutes of Sunday's game after Chuck Share fell on him in a first period scramble for the ball.

The Warriors came on fast in the final quarter to beat New York 116-103 Sunday night. Will Chamberlain scored 48 points Saturday to help Philadelphia to a 119-112 victory over Syracuse.

Will scored 35 Sunday night, two in an 8-point spurge that broke the Knicks early in the final period. Charley Tyra paced New York with 25 points.

Bob Pettit's 30 points were too much for the Celtics as the work on division leaders, trailing only momentarily in the second period, picked up momentum and led by as many as 18 during the second half. Tom Heinsohn led Boston with 29 points. The Celts beat Detroit 126-103 on Saturday.

The Minneapolis Lakers, only six percentage points behind second place Detroit in the west, swept a weekend series with Cincinnati, winning 121-91 Saturday and 112-108 Sunday.

Cincinnati's Jack Twyman scored 29 points before fouling out with a little more than 3 minutes to play Sunday, and had helped the Royals to a 102-99 lead. From there the Lakers eased in front to stay. Larry Foust topped Minneapolis with 30 points.

Syracuse defeated Detroit 108-103 in Sunday's other game. George Yardley scored 15 of his 27 points in the third period to stake the Nats to a lead they never lost. He missed the fourth period with a pulled ankle but still led all scorers. Archie Dees had 19 for Detroit.

Best in Senior Bowl Contest Lee Voted the

MOBILE, Ala. (AP)—Jack Lee broke one passing record, tied one and helped tie another in the North's 26-7 Senior Bowl victory Saturday, but another statistic indicates he may have a bright future in pro football.

Not a one of his 21 passes was intercepted, a point which probably registered strongly with the pro coaches and scouts. The Cincinnati quarterback has been drafted by the Chicago Cardinals of the National Football League and Dallas of the American League.

Lee, a slender 175-pounder, threw for two touchdowns and helped set up another. He mixed his plays well, with the running of Jimmy Joyce of Maryland and Ed Kavase of Cincinnati keeping the South defense honest.

Lee completed 15 of 21 passes for 283 yards, the most yards since Auburn's Travis Tidwell threw for 227 in the first Senior Bowl game in 1950. The 12 completions tied another Tidwell mark.

The South completed 19 of 33 passes. The total of 56 passes thrown in the game equaled another mark set in the inaugural contest.

North Coach Jim Lee Howell of the New York Giants said Lee was the difference, but added that the Yankee defense was extra good.

South Coach Weeb Ewbank of the Baltimore Colts said he thought his defense backs had intercepted two of Lee's long passes, but they hadn't.

UA Democratic Group Suspended

FAYETTEVILLE, Ark. (AP)—The Arkansas Young Democrats Assn. has suspended the University of Arkansas branch because of alleged election irregularities.

The suspension arose over an election at which Sandy McMath, son of former Gov. Sic McMath, was elected president of the university chapter.

Milas Hale of Belleville, president of the state group, said there was a question as to whether McMath was a member in good standing at the time of the election. Hale said an investigating committee reported that McMath was not a member in good standing and that he had failed to ask permission of school officials before seeking the office.

Such permission is required of freshman office seekers.

Hale said the committee also reported that the university chapter had organized a public debate with Young Republicans in violation of the Young Democrats constitution.

mark. The South completed 19 of 33 passes. The total of 56 passes thrown in the game equaled another mark set in the inaugural contest.

North Coach Jim Lee Howell of the New York Giants said Lee was the difference, but added that the Yankee defense was extra good.

South Coach Weeb Ewbank of the Baltimore Colts said he thought his defense backs had intercepted two of Lee's long passes, but they hadn't.

## Final Rites for Benton Doctor Today

BENTON, Ark. (AP)—Funeral services were held here today for Dr. Dewell Gann Jr., 70, internationally prominent surgeon who died at his home Saturday.

Dr. Gann was one of the state's foremost medical men. He was emeritus chief surgeon at St. Vincent's Infirmary in Little Rock and professor emeritus at the University of Arkansas Medical School in Little Rock when he retired in 1955.

He had served on the faculty of the Medical School, was chief of staff at St. Vincent's, transport surgeon for the Army during World War II, attending surgeon at Arkansas Baptist Hospital and Arkansas Children's Hospital and president of the state committee of the American Cancer Society.

Dr. Gann earned international recognition as a surgeon. A graduate of the University of Indiana Medical School, he was a fellow of the American College of Surgeons, the Royal College of Surgeons at Edinburgh, Scotland, the International College of Surgeons at Geneva, Switzerland, and the American Medical Assn.

Dr. Gann invented a resuscitator for reviving strangulation victims, for which he received a certificate of merit from the International College of Surgeons.

He was cited by the Army for his contributions to medical science while serving as a member of the armed forces.

Survivors include his wife. Services were held at 10:30 a.m. at Our Lady of Fatima Catholic Church.

## Floridas Ask Suit Be Set Aside

LITTLE ROCK (AP)—Andrew and George Florida have filed motions in U.S. district court here asking that the federal government's income tax suit against them be dropped.

The wealthy Osceola brothers contend that the court lacks jurisdiction and that the government has failed to make a case against them.

The Floridas also filed a counterclaim for tax refunds totaling \$201,677, which they say their cor-

## Prescott News

### Walter Hirst Rotary Speaker

The first luncheon meeting of the new year was called to order by president J. T. McKee at the Lee Hotel Tuesday. The first snow of the season made it a white meeting. The invocation was delivered by Freeman Ligon.

The program was in charge of Walter Hirst. He gave some of the objects and ideals of Rotary. He gave some of the early historical events in the development of Nevada County and some of his

perations overpayed in taxes from 1950 to 1955.

The federal government's tax suit against the Floridas asks \$11,706.92 in back taxes. Federal authorities claim the Floridas own or control 28 corporations.

The motions filed Saturday by the Floridas are responses to the government suit.

### boyhood memories on the farm.

Walter Gray, of Dallas was a guest of Freeman Ligon.

### Firemen Have January Meet

Members of the Prescott Fire Department met in the dining room of the Broadway Hotel Tuesday for their first monthly dinner meeting of the year. L. L. Buchanan gave the invocation and a steak dinner was served to the group.

Chief Easterling called the meeting to order and Secretary Garrett read the minutes of the last meeting and gave a detailed report on finances of the company. The minutes were approved as read.

Six alarms during December were answered. Four of the calls were grass fires and two minor trash fires. The property loss for 1959 is estimated at \$1,150. The

damage to the power house by electrical storm is not included in this estimate. One member was absent. After a discussion over various subjects the meeting adjourned until February.

Jack Robey spent a part of last week in Little Rock with his father, W. E. Robey, who underwent surgery.

Mrs. J. O. Coleman has returned from Jackson, Tenn. where she spent the past two weeks with her daughter, Mrs. George Pakis Jr. and family.

Mrs. Mark Justiss and Mrs. J. B. Franks were Thursday visitors in Hope.

Guests in the home of Mrs. L. C. Gallo have been Dr. and Mrs. G. Weldon Gallo and daughters, Gwen and Jan of Chicago.

Mrs. L. J. Duke has recently returned from a visit with relatives in Ft. Worth, El Paso and Sweeney, Texas.

Friends of Mrs. Harold Ingram will regret that she is ill at the

## Red Plan May Be to Impress Asian Nations

By SPENCER DAVIS

WASHINGTON (AP)—The Soviet Union's newly announced rocket tests in the central Pacific may be the start of a new campaign of missile diplomacy. It may be aimed to impress Asian nations as well as the United States and European countries.

U.S. officials note that the Moscow warning for ships and aircraft to remain out of the target zone between Jan. 15 and Feb. 15 neatly brackets two important diplomatic events:

1. The formal signing of a new 10-year security treaty between the United States and Japan scheduled to take place at the White House on Jan. 19. Japan's Prime Minister Nobusuke Kishi

also Khrushchev, told former New York Gov. W. Averell Harri-

son and President Eisenhower will be present.

2. The 16-day visit of Soviet Premier Nikita Khrushchev to neutral Indonesia, due to begin in mid-February.

Any prestige gathered by spectacular space accomplishments would come, too, just ahead of a series of European diplomatic negotiations leading up to next May's four-power summit conference and Eisenhower's visit to the Soviet Union in June.

Another less immediate objective may be a Soviet desire to boost Communist prestige in Asia following the great success of Eisenhower's recent visit to South Asia.

Psychologically the Soviet rocket move could also be expected to call attention to the presence of Soviet fleet units in the Pacific high seas area, generally recognized as having been under U.S. control since World War II.

Khrushchev has cautioned Japan in the past of what he described as the dangers of a military alliance with the United States.

Also Khrushchev, told former New York Gov. W. Averell Harri-

## Mrs. Bates Declares Little Rock a Symbol

WASHINGTON (AP)—"Little Rock is known around the world as the symbol of American Democracy," Mrs. Daisy Bates, president of the Arkansas chapter of the NAACP, told a Moral Rearmament Conference yesterday.

"We must now change that symbol from hate to hope," she added.

Mrs. Bates told a crowd of 600 that it was moral rearmament that made it possible for her to meet Gov. Orval E. Faubus of Arkansas last month.

Mrs. Bates and Faubus met at the state capital when she was escorting an official of the British West Indies. It was the first time they had met since late in 1957 when the school integration crisis developed.

"When I met the governor," she related, "I said 'I am not

man last year during a Moscow interview that the Soviet Union would support Communist China with rockets, if necessary in any trouble over Formosa.

interested in fighting the Civil War. I am interested in where we are going from this hour. I am interested in tomorrow and the future of America."

"Without Moral Rearmament I don't think I could have done that," she said.

"I am deeply grateful to Dr. Frank Buchman who through MRE is giving the world the answer to hate and bitterness," she added.

## Arkansas School Official Dies

MEMPHIS, Tenn. (AP)—School administrator Milton Samuel Smith, 66, died in a hospital here yesterday. He had been superintendent of the Forrest City, Ark. schools since 1921.

Smith was a leader of the school reorganization program of 1939. He was past president of the Arkansas Athletic Assn., a member of the board of trustees of Arkansas college at Batesville and a member of the National Education Assn., Arkansas Educational Assn. and the State School Administrative Organization.
